Text: Introduction to Probability & Statistics - Mendenhall/Beaver/Beaver (special edition for this class only) — required

Grading: Two Midterms: April 29, May 27; 25% each, Final (in class) Jun 14 at 10:30am-12:30pm 40%
There will be no make-up exams and I do not give early finals. If you miss an exam you will receive zero points unless you are ill or have a family emergency. These have to be documented at your earliest convenience in writing and well before the final. If you have an excused absence I will count your final 65%. If you miss the final due to illness you will receive an incomplete if you have at least a grade of D at that point. An incomplete requires that you take the final within the next 3 quarters. All exams are closed book, no notes, multiple choice and require a scantron UCD2000.

Homework: Homework (10% of grade) will be assigned throughout the quarter on an ongoing basis. Homework assignments will be posted on the web and must be submitted electronically. Solutions will be available within one hour of the due date and time. Details will be provided on our class web site. It is extremely important that you pay close attention to the due date as the system will not accept any late homework. It is an automated system and it is your responsibility to pay attention to the final submission day and time. In case of a dispute you will need to demonstrate to us that you actually submitted a homework.

Class Email: s13b@wald.ucdavis.edu

Note, that we will post all announcements on this web page, including changes in office hours, style and content of exams and information about homework. It is your responsibility to check the web site routinely. Furthermore, all emails need to be sent to the class email account. We will not respond to emails sent to our individual email addresses. Email will be checked late morning and early evening during the week and once per day on the weekends. We will not answer email questions about the contents, place or time of exams or when homework assignment are due. We will not respond to any email regarding exams in the 24 hours prior to the exam except those to inform us of emergencies such as illness. If you have any questions, please come to office hours. You may also make an appointment to see me at other times. Let me know about any concerns you may have. Good Luck.
